

# T 200P

## TIG 200P

Single-phase multifunctions inverter power source for **TIG DC HF-arc** start and **MMA** applications.

Easy setting approach between **TIG, PULSED TIG AND MMA**, it offers a wide parameters adjustment range with quality & high productivity welding.

Dual current pulsed arc available.

Ideal for small and medium steel fabrications (steel and stainless steel, copper, titanium, etc.).

Suitable for motor generator power supply.

### TIG 200P

Code V0024AA

#### TECHNICAL DATA

Single Phase	Fuse	ED TIG	P <sub>1</sub> Input Power	U <sub>0</sub> Max no load voltage	IP Protection Class	Dimension	Weight
1 x 230	16A	160A - 80% 200A - 40%	40% 5,4 KVA	65V	IP21S	375X175X290	9Kg

#### OPTIONAL

##### EARTH CLAMP

With 3 m. 35 mm<sup>2</sup> ground cable and plug

Code Z0249AA

##### ELECTRODE HOLDER

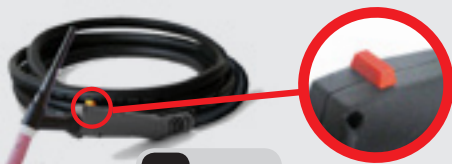

With 3 m. 35 mm<sup>2</sup> ground cable and plug

Code Z0254AA

##### TIG TORCH 26 SP

4 m. long with plug and gas adaptor

Code Z0193AA
